UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
REGION III
841 Chestnut Street
Philadelphia, Pennsylvania

SUBJECT: Release of Draft Document
C&D Recycling Superfund Site

APR 09 1990

FROM: Michael Towle, RPM *Michael Towle*
SE Penna. Remedial Section

TO: File

At the direction of regional management, the Preliminary Draft Remedial Investigation Report for the C&D Recycling Superfund site was released to the public. A copy was sent to the information repository. In addition, copies were sent to two citizen leaders in accordance with past practices of EPA's office of public affairs (OPA).

Prior to the release of the draft document, regional management was made aware of current EPA policy against release of draft documents (October 1984 memorandum from EPA Administrator) and of possible consequences, e.g. publication of misleading information. In addition, regional management was made aware that the policy to withhold release of draft documents is consistent with the National Contingency Plan (NCP).

All draft versions of documents (e.g. RI, FS, RA) related to the C&D Recycling Superfund Site will now be released to the public.
